About the Studio

"Lighting is the medium I use to transform space and create mood." Andreea Avram Rusu.

Avram Rusu Studio produces distinctly sculptural work of exacting craftsmanship. The New York based company was founded in 2004 by architect Andreea Avram Rusu who designs and engineers every collection. Employing artisanal techniques and luxurious materials, her work explores the relationship between art and design.

Brooklyn's vibrant graffiti art inspires the unusual lines of the signature Continuum collection while vivid color and pattern combinations drawn from the rich tradition of hand-blown glass techniques. Custom designed modular components allow flexibility of form and multiple finish combinations across all collections.

Avram Rusu Studio works exclusively with a select group of American artisans including glass blowers, ceramic artists, metal workers, machinists, finishers and wood workers. Each piece is hand built with care in the company's Brooklyn studio.
